

Grazing Management (CSP Enhancements)

October 2005

Colorado Enhancement Activity Job Sheet G-1

Name:

Rotation of salt, mineral, and supplemental feeding areas

Payment = \$0.25 / Acre / Year for the pasture impacted by moving salt, mineral, and/or supplemental feeding areas in coordination with or as a part of a grazing management plan or, at a minimum, once a month or when there is 50% loss of vegetation from the feeding area.

Utilize the rotation of salt, mineral, and/or supplemental feeding areas to maintain vegetation of impacted areas. This tool is also being used to manage access to riparian areas and forage utilization to maximize production potential with minimal financial inputs.

Documentation Required: Use the following table for documentation and attach a plan map showing the location of management units involved in the decision support tool use. An example is provided to assist you.

Management Unit(s)	Reason for Move	Acres Treated	Date Moved
Ex. Field 9	Excessive traffic in salt and mineral area	1350	6/12/2004

I certify that I have rotated salt, mineral, and supplemental feeding areas in the fields listed above per job sheet description.
